

My Nature Notes

Date: <u>October 3/14</u>	Time: <u>8:30</u>
Location: <u>rock bridge</u>	Temperature: <u>12°</u>
Weather Conditions: <u>chilly then warmed up</u>	
Phase of the Moon: <u>First quarter</u>	Time of Sunrise: <u>07:05</u>
	Time of Sunset: <u>18:38</u>
Purpose of Today's Walk: <u>finding food chains</u>	
Observations: <u>Today we saw a mom and a dad wood duck with their babies</u>	
	
<u>sun-leaves-caterpillar - birds - bigger birds</u>	
Please continue on back.	

How do you tell the male wood duck from a female wood duck?
