

## My Nature Notes

Date: Oct 31st halloween!	Time: 8:20 - 8:50
Location: Mud Lake: rocks beaver lodge lookout and pinewoods.	Temperature: 3°C
Weather Conditions: Over cast breezy and cold.	
Phase of the Moon: First	Time of Sunrise: 7:42
	Time of Sunset: 5:50
Purpose of Today's Walk: Finding Landmarks.	
<p>Observations:</p> <p>Today our class went to the rocks, beaver lodge lookout and the pines when we went to Mud Lake. <sup>looking for landmarks.</sup> At the beaver lodge lookout, we saw some mallard ducks swimming by the bridge. All of a sudden a huge Great Blue Heron flew over the mirror like water! All of us oohed and ahhed as it flapped its way across the big pond. As we walked to the rock an eastern grey squirrel was following us! When we arrived at the rocky land mark, we saw something moving in the water. It was a muskrat, swimming in the clear pond! We kept watching until he disappeared into the water. It was one of the best Mud Lake trip ever!</p>	
Please continue on back.
